HEALTHpact plans offer a refreshing change

Coverage that rewards

Beginning October 1, all local insurers will offer HEALTHpact plans: comprehensive, affordable coverage for employers with less than 50 employees who commit to keeping themselves healthy.

To find out what HEALTHPact means for your business,
join us for an informative breakfast session.

■ Chris Koller, State of Rhode Island Health Insurance Commissioner, will lead the session. ■ Philip Papoojian, President and COO of Mereco, and Don Nokes, President, NetCenergy, will share how HEALTHpact impacts small employers. ■ Blue Cross & Blue Shield of Rhode Island and UnitedHealthcare of New England will address plan design and carrier specific issues.
